

AMINO-GLYCO KVIAR

Gorgeous natural cosmetic supplement

INCI NAME:

Water, Glycerin, Hydrolyzed Roe, Glycosaminoglycans, Glycogen

DOSE OF USE:

FROM 1 TO 2%

SOLUBILITY:

HYDRO-SOLUBLE

COSMETIC USE:

AMINO-GLYCO KVIAR is a natural, marine, luxurious active ingredient to be used at cosmetic preparations with four basic objectives:

- Regeneration
- Skin Repair
- Nutrition
- Moisturization

DESCRIPTION:

Caviar Roe have extraordinary energetic resources to sustain the development and nutrition of the new embryo.

Based on this richness in nutritive and essential elements we have developed a new basic active ingredient for the cutaneous cell regeneration and skin treatment, combining efficacy, luxury and sophistication together.

AMINO-GLYCO KVIAR, is a natural marine active ingredient, manufactured from fish roe (**Caviar** and **Cyclopterus lumpus**).

It has been enriched with Glycosaminoglycans (**Chondroitin Sulfate** and **Hyaluronic Acid**) and **Glycogen**, both from marine origin, making this unique marine compound, a splendid care for the skin.

Its proteins and nutritive elements will be used by the skin cells at its restoring processes. It is then most suitable for repairing night treatments, when the skin restoration developments are at the highest levels.

Thanks to its important content in minerals and oligo-elements, we will be supplying precious ingredients vital at the nutritious and regeneration skin's procedures

PROPERTIES:

With this compound the skin is supplied with all nutritive elements needed, plus the energy necessary to process them. The regeneration processes at tired and premature aged skins is now more intense and effective. The skin has with **AMINO-GLYCO KVIAR** a strong allied to fight against its aggressions; helping to restore all natural elements needed for a luminous, soother and soften skin.

AMINO-GLYCO KVIAR is most indicated for the following cosmetic treatments:

- Rough and dried skins, lacking hydro-retaining substances
- Stress and uncomfortable skins
- Aged and premature aged skins. Treatments for face, décolleté and neck areas
- Protective products against environmental aggressions.
- Repairing and nutritive night formulations
- Formulations for aged skins lacking elasticity
