SCH Actives Diamond C Sol

Technical Data Sheet (TDS) · **Document issue date: 28.10.2026**

Typical values. This document is not a certificate of analysis (COA). Certificates and COA are available on request for wholesale items after the order ships.

1. Product

Product name	SCH Actives Diamond C Sol
INCI	Aqua, Xanthan Gum, Diamond Powder, Acetyl Hexapeptide-8, Pentapeptide-3, Propanediol, 1,2-Hexanediol, Caprylyl Glycol
Country of origin	Spain
Form	Liquid gel-like complex

2. Organoleptic properties

Appearance	Homogeneous viscous dispersion. Slight opalescence is permitted
Colour	From colorless to milky white. A slight grayish-pearlescent tint may occur due to diamond powder

3. Physico-chemical properties and use (typical values)

Parameter	Typical value
Solubility / phase	Water-dispersible; compatible with aqueous phases and water-glycol systems; insoluble in cosmetic oils; not suitable for completely anhydrous formulations
Recommended use level	1–3 %

4. Cosmetic applications

Facial serums, creams, emulsions, gels, lotions, masks, eye contour products, neck and décolleté products. Used in day and evening skincare formulas, peptide complexes, boosters and premium decorative cosmetics.

5. Storage, shelf life, packaging

Storage	In a cool dark place in tightly closed container
Shelf life	24 months from production date in original closed packaging (typically); batch expiry date is indicated on the label
Packaging	One document covers all pack sizes of this product. The container depends on pack size (from cosmetic bottles to transport containers) and is stated on the product card.

6. Disclaimer

This information is provided for reference and for raw-material selection in formulations. Actual batch values are stated in the manufacturer's COA. The product is a raw material for cosmetic manufacturing; the manufacturer of

the finished product is responsible for its safety and regulatory compliance. A skin sensitivity test is recommended before use.
